Hi all,

A couple of major Trotters' events are just around the corner - the Bay to Bay is our premier event and is on Sunday 20th June. As always, volunteers are needed, so if you can spare some time to be involved in a fantastic event, call Barb Byrnes on 0434 645 115.

And the Macleay River Half/Marathon is on Sunday, 13 June 2010. It's a commemorative run for Muzza, and it looks like a good sized crowd will be heading up - it will be a great weekend. Contact Ken Hickson for your 'Muzza' T-Shirt.

And don't forget, if you have a good yarn, preferably about running, drop me an email ([chris@artitude.com.au](mailto:chris@artitude.com.au)) and I can tell the world via the virtual megaphone that is the Trotters Newsletter.

Cheers

Chris Hatcher

# PRESIDENT'S REPORT

As some of you already know, I'm spending the next couple of months hiking from Lands End, the south-western tip of the UK, to John O'Groats, the north-eastern tip.

I'm following a route that is largely off-road and follows some famous long distance hiking paths. The distance is 1,941km and the trip should take me about two months at an average of about 31km per day.

This trip is not any kind of record attempt, just a pleasant stroll through some great countryside and ticks off another box on my "bucket list". The only (not insignificant) risk to completing the trip is a bad right knee that has prevented any running or bike riding for the last 10 weeks and has been medically diagnosed as "worn out". I'm hoping that with careful management and some reserve anti-inflammatories I will get through, but probably won't know how bad it is likely to get until I have been walking for a week or so. Fingers crossed!

Best wishes,

Dave

*Quick update - Dave has already been on the trail for 20 days and has covered over 550 kms. His enemy are blisters and very sore feet (no surprises there!) but he's on schedule. I'll keep you posted with his progress. - Ed.*

# BAY TO BAY

The Bay to Bay Fun run is getting closer, Sunday June 20. Organisation is well under way but we will need as many Trotters as possible to volunteer on the day. It's a great community event and a chance to help raise money for our nominated charities - Response Services and Suicide Safety Network.

Please give your name to Barb 0434645115 or any B2B committee member.

We are very grateful to yet another Trotter who has offered to be a major sponsor for this year's event, Thanks David Booth of Booth's Motor Group

This year most of our major sponsors are businesses owned by Trotters. We would like to thank the following Trotters for their support.

Booth's Motor Group ( David Booth)

ET Australia (Tony Mylan)

Harwood Chartered Accountants (Jenny Harwood)

Living Green Designer Homes (Craig Riddle)

Solomons Flooring (Peter Hood)

Travelling Fit (MariMar Walton)

Simplicity Funerals (Paul Davison)

Sports Medicine Central Coast (Jonathon King)

# TIME WARP

Each month, Margaret Aurisch pulls out the old results journal out of the Trotter's vault, blows the dust off, and shares with us the achievements of the more chronologically challenged among us. This month, we profile **Lynne Bromwich**.

# the last word...

In ancient Greece (469 - 399 BC), Socrates was widely lauded for his wisdom.

One day an acquaintance ran up to him excitedly and said, "Socrates, do you know what I just heard about Diogenes?"

"Wait a moment," Socrates replied, "Before you tell me I'd like you to pass a little test. It's called the Triple Filter Test."

'Triple filter?' asked the acquaintance.

"That's right," Socrates continued, "Before you talk to me about Diogenes let's take a moment to filter what you're going to say. The first filter is Truth. Have you made absolutely sure that what you are about to tell me is true?"

"No," the man said, "Actually I just heard about it."

"All right," said Socrates, "So you don't really know if it's true or not."

Now let's try the second filter, the filter of Goodness. Is what you are about to tell me about Diogenes something good?"

"No, on the contrary..."

"So," Socrates continued, "You want to tell me something about Diogenes that may be bad even though you are not certain it is true?"

The man shrugged, a little embarrassed. Socrates continued, "You may still pass the test though, because there is a third filter, the filter of Usefulness. Is what you want to tell me about Diogenes going to be useful to me?"

"No, not really."

Well concluded Socrates, "If what you want to tell me is neither True nor Good nor even Useful, why tell it to me or anyone at all?"

The man was bewildered and ashamed. This is an example of why Socrates was a great philosopher and held in such high esteem.

It also explains why Socrates never found out that Diogenes was screwing his wife.
